## INTERGOVERNMENTAL AGENCY

Connecting People & Places

## WHAT IS BLUEPRINT?

**A penny makes a big difference in Tallahassee-Leon County!** Guided by the vision and leadership of the Blueprint Intergovernmental Agency Board of Directors (BPIA), Blueprint is at the helm of addressing the community's most pressing infrastructure needs. Blueprint implements roadways, trails, greenways, parks, and stormwater projects that focus on connecting people and places. Funding for the Blueprint Intergovernmental Agency was approved by voters in 2000 and again as a 20-year extension of the local one-cent sales tax option for Tallahassee-Leon County in November 2014.

## THE BLUEPRINT PROMISE...

"...To provide for projects designed to improve roads; **reduce traffic congestion; protect lakes and water quality; reduce flooding; expand and operate parks and recreational areas; invest in economic development;** and other uses authorized under Florida law; and to seek matching funds for these purposes, shall the existing one-cent sales surtax within Leon County be extended until December 31, 2039, with project expenditures subject to annual independent audit and review by citizens advisory committee."
