*Capital Cascades Trail
Segment 4*

Project Highlights

- Capital Cascades Trail Segment 4 provides connectivity, water quality, stormwater, and recreational improvements and completes the 4.25-mile Capital Cascades Trail project linking Leon High School in Downtown Tallahassee to Lake Henrietta.
- Segment 4 will complete the stormwater and amenity improvements for the portion of the Capital Cascades Trail from the convergence of the Central Drainage Ditch and the St. Augustine Branch near Lake Bradford Road to Munson Slough at Springhill Road.

Current Status

- Final design and permitting began in November 2023.
- The concept plan detailing proposed trail connections, public space amenities, and stormwater improvements, as [presented to the IA Board](#) at the September 21, 2023 meeting, [is available on the project website](#).
- The concept plan was presented at the Capital Cascades Trail Segment 4 Open House at Pineview Elementary on February 2, 2023, and attended by approximately 200 people.
- Blueprint has constructed two new sidewalks connecting the Greater Bond neighborhood to the St Marks Trail and Capital Cascades Trail Segment 4.
- Development of a paper, "[Innovative Stormwater Technologies: A White Paper on Stormwater Management System Design Practice in Florida](#)" has been completed and has been posted on the project website.

Next Steps

- Design will continue through 2024 with an anticipate completion date of Q4 2024.
- Continue community engagement with project stakeholders.

Timeline

Design

Q3 2021 – Q4 2024

Construction

Q1 2025 – Q3 2026

Community Engagement: Public engagement is ongoing through all phases of a project, from concept to construction, programming, and maintenance. Public engagement is two-way communication inclusive of all decision-makers and stakeholders. Each Blueprint project will have a customized Public Engagement Plan that is developed at the start of the project, and outreach activities and techniques will vary from project to project, as each project's outcome and stakeholder community character is unique.

Design: The design phase includes development of final plans and construction documents for Capital Cascades Trail Segment 4 and associated facilities (stormwater, multimodal facilities, etc.).

Construction: Construction work will fully implement the final design plans for the Capital Cascades Trail Segment 4.

Q1: January – March

Q2: April – June

Q3: July – September

Q4: October – December
