

*Capital Cascades Trail
Segment 4*

Project Highlights

- This project will complete the Capital Cascades Trail network, which provides connectivity, water quality, stormwater, and recreational improvements linking Leon High School in Downtown Tallahassee to Lake Henrietta.
- CCT Segment 4 is approximately 1.7 miles in length commencing at the confluence of the St. Augustine Branch and the Central Drainage Ditch (CDD), and continues to the CDD's confluence with Munson Slough.
- The goals of the project include achieving water quality improvements, greenway interconnectivity, and possible wetland creation.

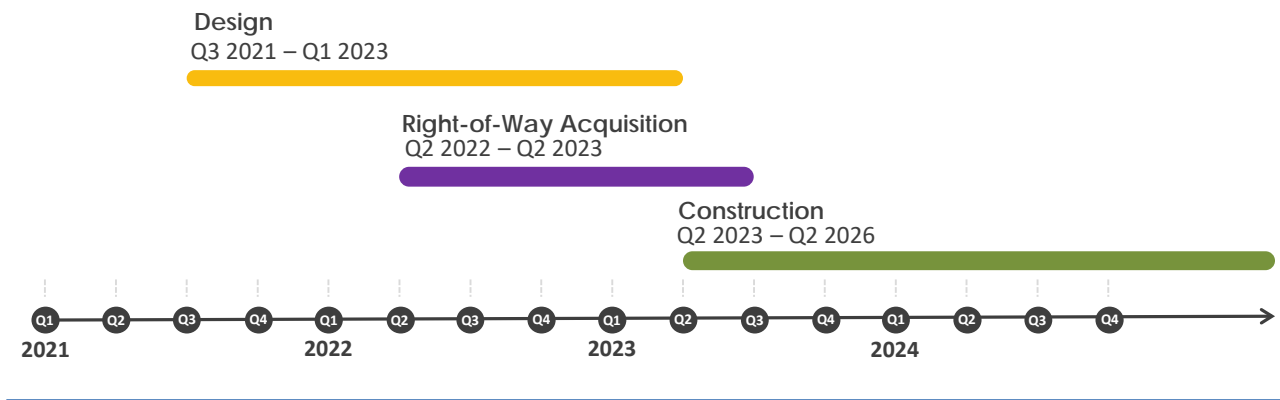

Current Status

- The initial planning and engineering phase of the project is underway as of September 2021.

Next Steps

- The project consultant team will perform a technical analysis on innovative water quality treatment options.
- Continue project data collection including previous completed surveys, reports, plans and available monitoring data along the project corridor.
- Develop existing conditions stormwater model.

Timeline

Community Engagement: Public engagement is ongoing through all phases of a project, from concept to construction, programming, and maintenance. Public engagement is two-way communication inclusive of all decision-makers and stakeholders. Each Blueprint project will have a customized Public Engagement Plan that is developed at the start of the project, and outreach activities and techniques will vary from project to project, as each project's outcome and stakeholder community character is unique.

Design: The design phase includes development of final plans and construction documents for Capital Cascades Trail Segment 4 and associated facilities (stormwater, multimodal facilities, etc.).

Right of Way Acquisition: This phase will consist of efforts to acquire any right of way fee and/or easement parcels necessary to complete the project. Any right of way acquisitions necessitated will be undertaken consistent with [Blueprint Real Estate Policy](#) and Florida State Statutes.

Construction: Construction work will fully implement the final design plans for the Capital Cascades Trail Segment 4.
