

Lake Jackson Greenways

Project Highlights

- Will expand regional bicycle and pedestrian mobility and provide connectivity from Lake Jackson Mounds Archaeological State Park to Lake Ella at Fred O. Drake Park in Midtown Tallahassee.
- Includes an over 5-mile long route that will connect a string of public spaces, recreational, residential, and commercial areas.

Current Status

- Preliminary engineering for the project and a route feasibility study were completed in late 2020. The study and proposed route were presented to the IA Board at the February 18, 2021 meeting.
- Community engagement sessions were facilitated in March 2021.
- Design is underway.

Next Steps

- Design is anticipated to be completed Q4 2022. Once 60% design plans are submitted, required permits will be submitted.
- Construction is anticipated to begin in Spring 2023 and last 12 months.

Timeline

Preliminary Engineering &
Public Involvement
Q2 2020 – Q2 2021

Design
Q3 2021 – Q4 2022

Construction
Q2 2023 – Q1 2024

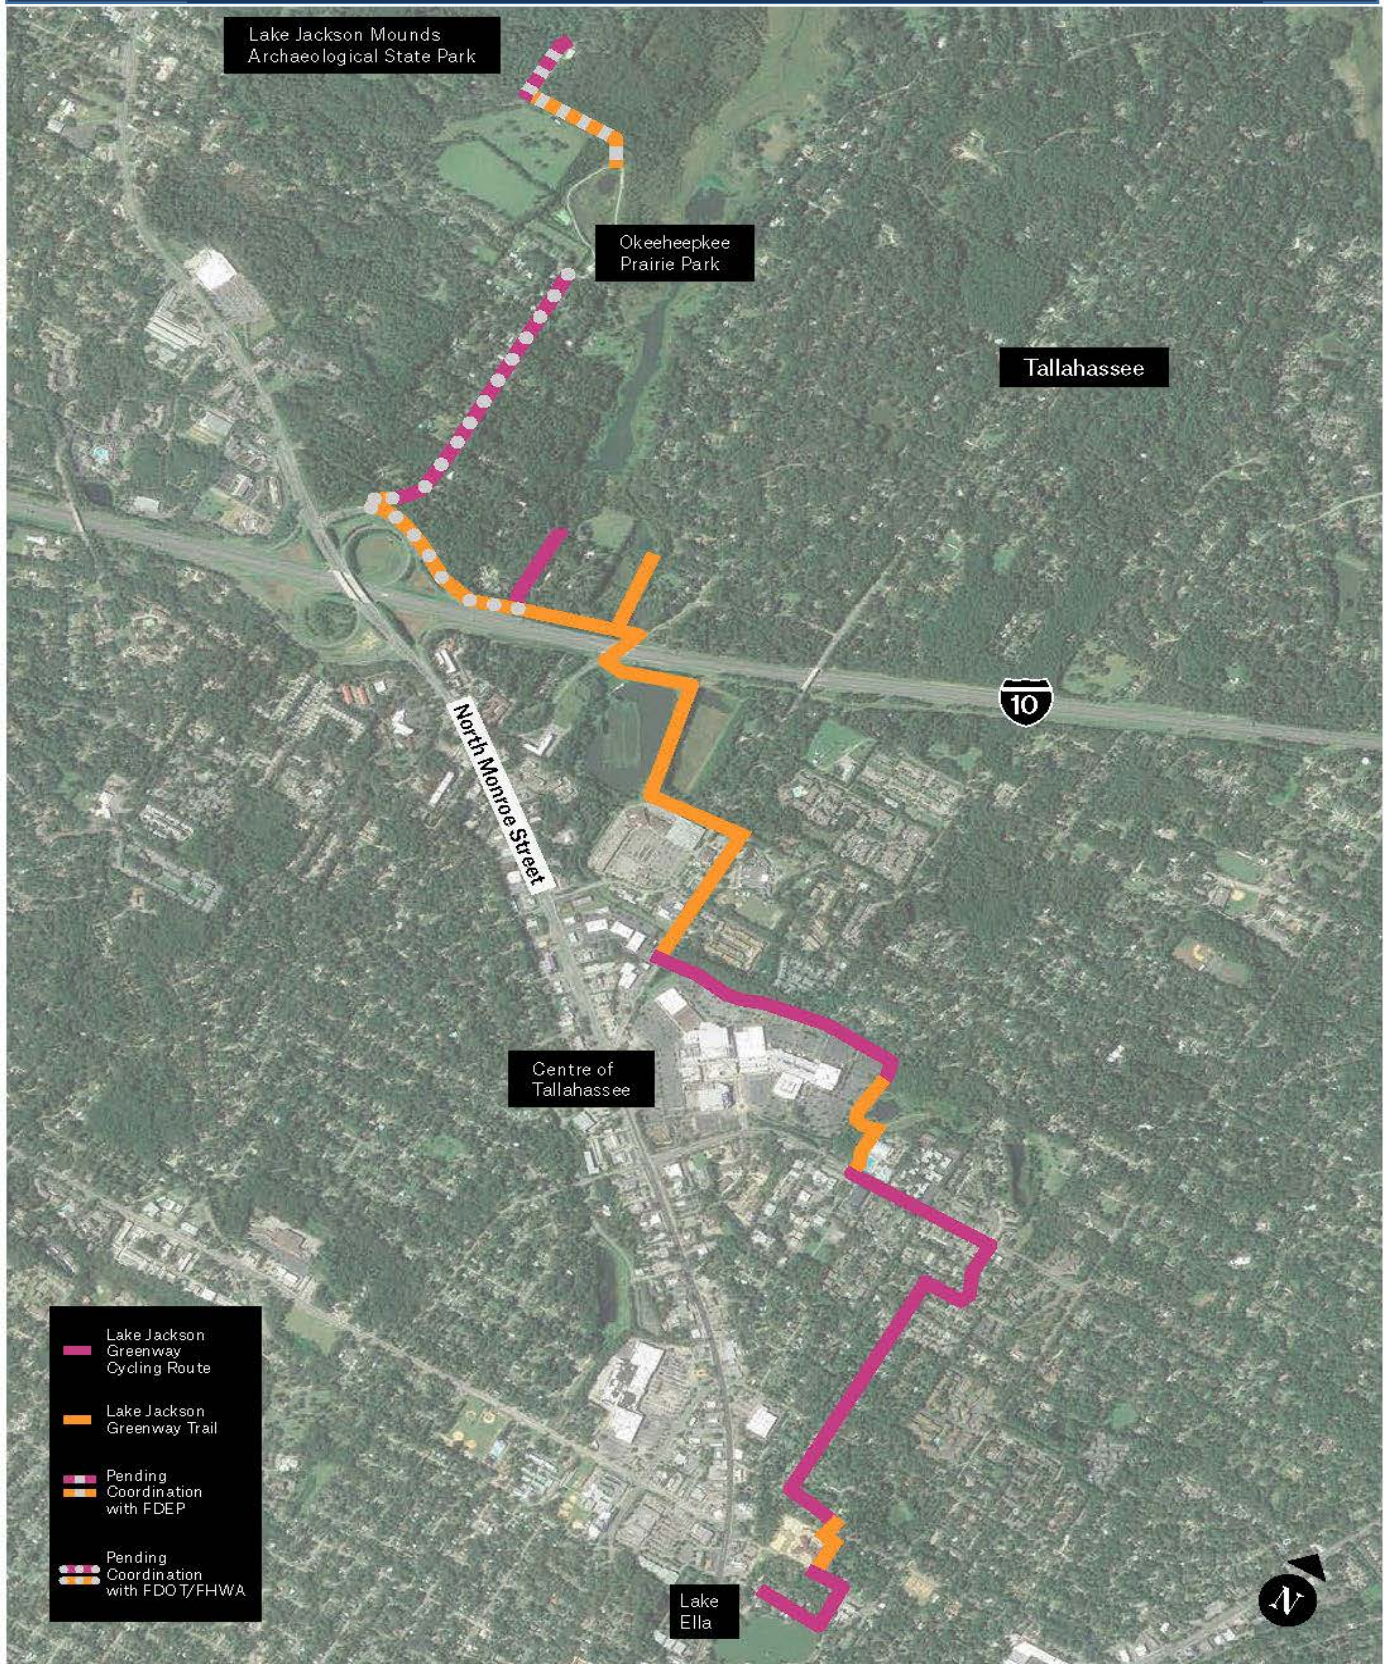

Community Engagement: Public engagement is ongoing through all phases of a project, from concept to construction, programming, and maintenance. Public engagement is two-way communication inclusive of all decision-makers and stakeholders. Each Blueprint project will have a customized Public Engagement Plan that is developed at the start of the project, and outreach activities and techniques will vary from project to project, as each project's outcome and stakeholder community character is unique.

Design: The design phase includes the development of final plans, construction documents and plan specifications.

Construction: Construction work will fully implement the final design plans for the Lake Jackson Greenway.

BLUEPRINT

INTERGOVERNMENTAL AGENCY

- Lake Jackson Greenway Cycling Route
- Lake Jackson Greenway Trail
- Pending Coordination with FDEP
- Pending Coordination with FDOT/FHWA
