*Market District Placemaking –  
Pedestrian Safety & Connectivity*

## Project Highlights

- The Market District Placemaking Project consists of two phases. Phase 1 is implementation of the Market District Park, and Phase 2 is implementation of pedestrian safety and connectivity improvements throughout the Market District.
- Phase 2 is planned to provide the following pedestrian safety and connectivity improvements throughout Market District:
  - 8-foot wide pedestrian and cycling facility along a portion of Maclay Rd.
  - Streetscaping & enhanced lighting at Market St. & Maclay Blvd.
  - Intersection improvements at Timberlane Rd. & Martin Hurst Rd.

## Current Status

- Placemaking improvements completed to date:
  - A new landscaped median was installed on Timberlane Road by Blueprint.
  - New wayfinding signage was installed by the Planning Department and City Underground Utilities and Public Infrastructure.
- Design and permitting are in progress for the 8-foot wide Maclay Road Trail, which will construct a new multi-use path along the south side of Maclay Road from Bobbin Brook East to Maclay Boulevard.
- Design continues for streetscaping improvements along Market Street and Maclay Boulevard, including landscaping and pedestrian safety enhancements.

# Next Steps

- Design continues on the streetscaping improvements along Market Street.
