

Project Highlights

- The project provides for the construction of a park in Northeast Tallahassee located on Centerville Road adjacent to the Montford Middle and Roberts Elementary Schools.
- A mixture of active and passive uses have been envisioned for this 50-acre park.

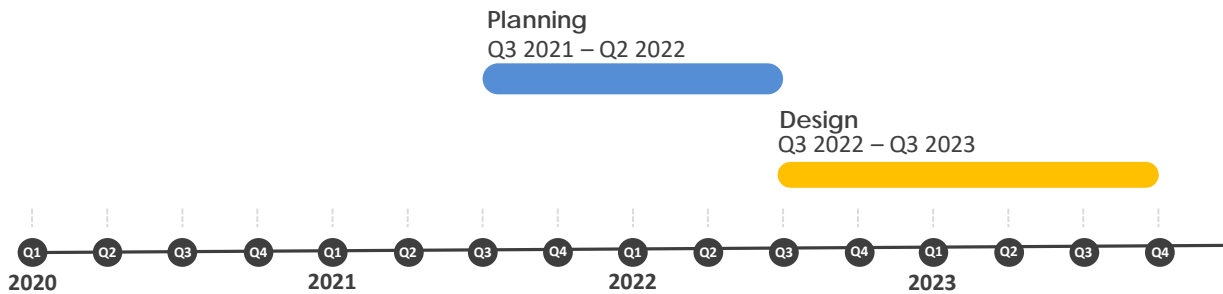

Current Status

- Contingent on Leon County Board of County Commissioners approving the purchase, a new location for the park was approved by the IA Board at their April 8, 2021 meeting. The new location is on Centerville Road adjacent to the Montford Middle and Roberts Elementary Schools.
- The planning phase and technical analysis is being coordinated with the design of the NE Gateway Project.

Next Steps

- Upon completion of the property acquisition, the Park Programming Study will be initiated.
- Design is anticipated to begin in Summer 2022.

Timeline

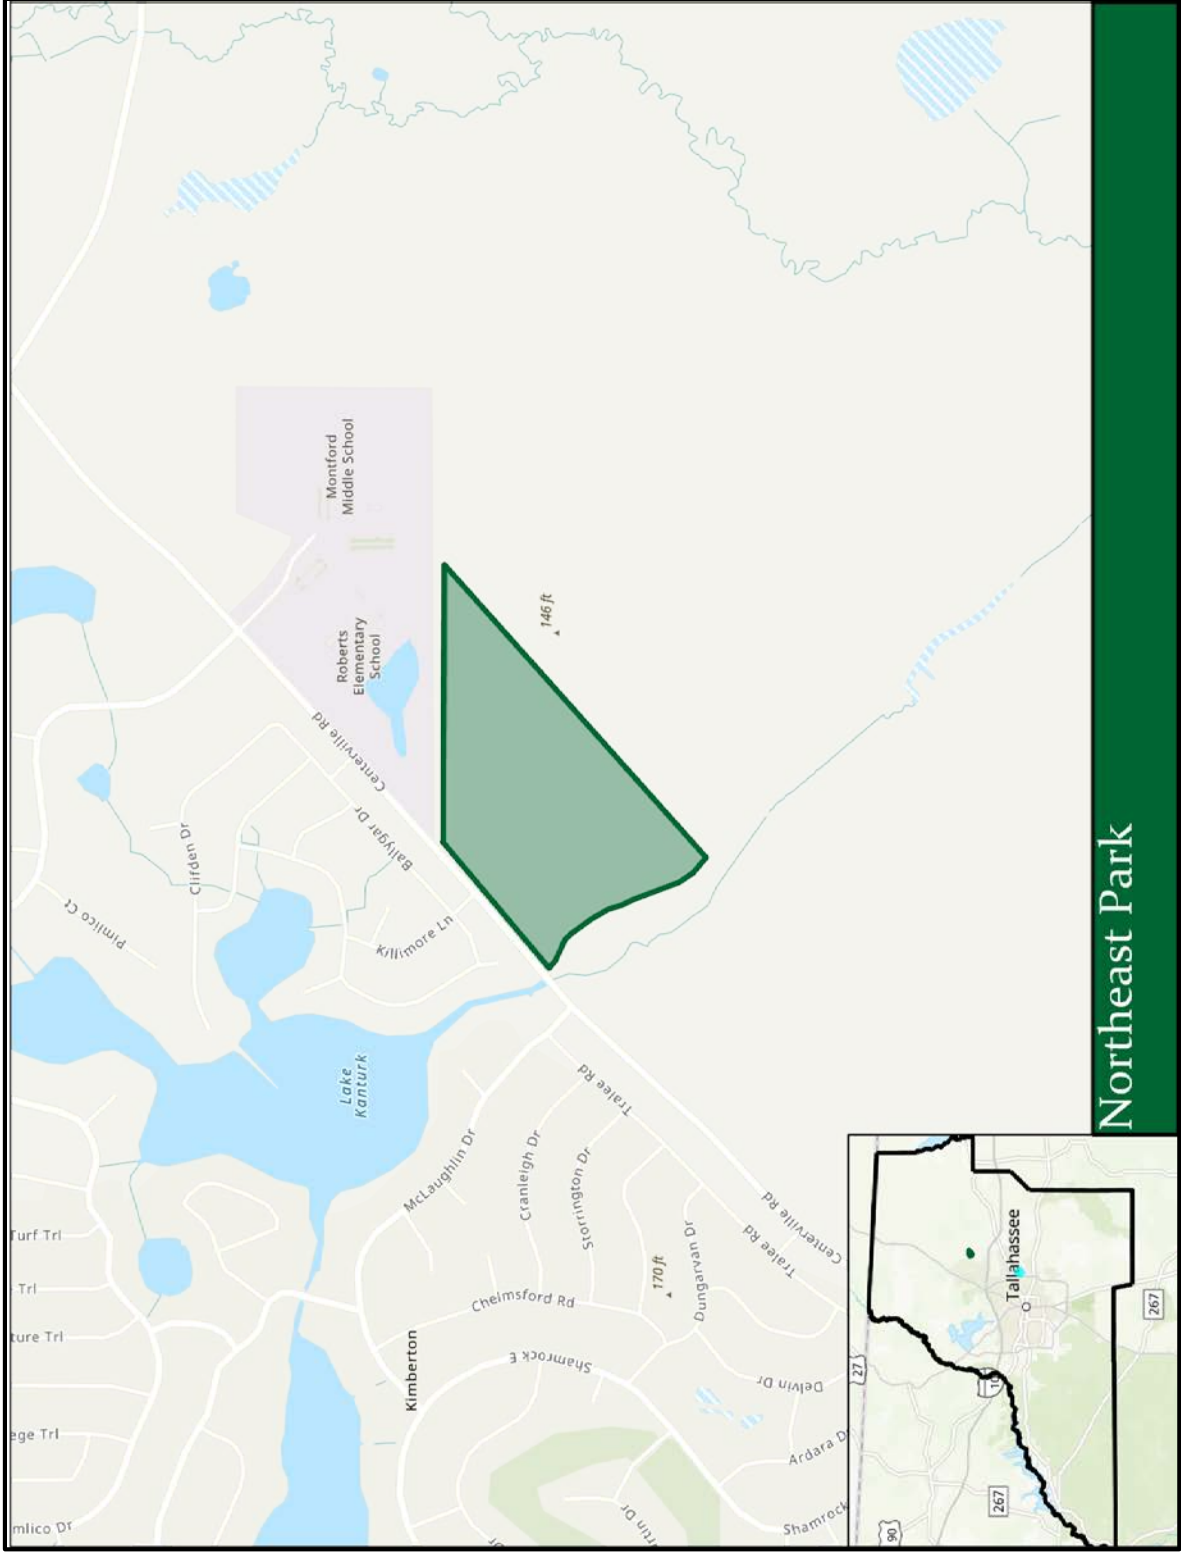

Community Engagement: Public engagement is ongoing through all phases of a project, from concept to construction, programming, and maintenance. Public engagement is two-way communication inclusive of all decision-makers and stakeholders. Each Blueprint project will have a customized Public Engagement Plan that is developed at the start of the project, and outreach activities and techniques will vary from project to project, as each project's outcome and stakeholder community character is unique.

Planning: The planning phase involves work identifying tasks, deliverables, and processes that are vital to successful project completion.

Design: The design phase includes development of plans and construction documents for Northeast Park and associated facilities.
