- In July 2023, a feasibility study kicked off, which will evaluate the remaining portion of the proposed Greenway route.

Next Steps

- Planning, design, and construction of the Innovation Trail segment of the University Greenway will continue to move forward on the Airport Gateway project timeline.
- The University Greenway Feasibility Study is anticipated to be completed in Q2 2024.
- Based on the approved IA Board prioritization of projects, funding for design is currently anticipated to be available in Q4 2027 (FY 2028).

Timeline

Feasibility Study
Q3 2023 – Q2 2024

Community Engagement: Public engagement is ongoing through all phases of a project, from concept to construction, programming, and maintenance. Public engagement is two-way communication inclusive of all decision-makers and stakeholders. Each Blueprint project will have a customized Public Engagement Plan that is developed at the start of the project, and outreach activities and techniques will vary from project to project, as each project's outcome and stakeholder community character is unique.

Design: The design phase includes development of final plans and construction documents for the Airport Gateway project and associated facilities.

Right of Way Acquisition: This phase will consist of efforts to acquire any right of way and/or easements necessary to complete the project. Any right of way acquisitions necessitated will be undertaken consistent with [Blueprint Real Estate Policy](#) and Florida Statutes.

Construction: Construction work will fully implement the final design plans for Airport Gateway.
